

West Pikeland Township

West Pikeland Land Trust Board Meeting MINUTES

Monday April 27, 2026, 6:30 PM

REVIEW OF LAST MEETING MINUTES – Approved unanimously

GUEST COMMENTS OR NEW MEMBERS - none

KEY TOPICS

- Treasurer update (Brian): Brian now has access to S&T bank accounts. The PO Box (\$218) and DropBox (\$127) were renewed for another year. Balance in regular checking was \$12,689 and \$6393 in the grant checking (was a NL grant refund). Total balance in 2 CDs was approximately \$47,000.
- Growing Greener Grant under consideration for wildflower planting in Pine Creek Park in addition to PECO next round. Post meeting note: the GG grant may be more appropriate for larger projects (like entire parks/trails). **Mike proposed allowing up to the amount in our grant account, about \$6000, for our matching funds portion of any grant for wildflower planting;** Brian seconded and noted we could then close that account or move any remaining balance to our regular checking to simplify accounting going forward. No quorum, so we can vote via email.
- Update from other township committees: none
- Website update: Our website provider bee.net is going out of business, Brian is researching alternatives like GoDaddy and WIX, and if we can get storage with one of them to replace or add to DropBox capacity. He proposed to **authorize up to \$20/month for website, \$20/year for the domain name;** Mike seconded. No quorum, so we can vote via email.

- WPLT owes **WeConserve organization dues of \$310. Mike proposed paying that minimum amount**, Brian seconded. No quorum, so we can vote via email.
- Update on properties (more in exec session as needed): Chester County grant funding was restored so still possible for properties under consideration.

OTHER TOPICS

TBD

EXECUTIVE SESSION

Properties and easements under consideration: no discussion needed at/this time
